FLYBOARD KIT
With or without a jetski

WHAT DO I NEED TO KNOW?

The Flyboard is a jetski powered water toy attached to the feet that allows airborne acrobatics at heights up to 12 m. The rider is standing on a board connected by a long hose to a Jetski. The power is controlled by the crew member riding the Jetski.

Compatible with Yamaha, Seadoo and Kawasaki jetskis.

Available with remote control (no crew member on jetski needed).

The Flyboard requires proper instructions and safety gear before being able to use it successfully and efficiently. As the center of gravity is above the center of thrust the rider needs to have a good balance. Most of the fit youngsters can handle it in approximately 20 min.

No license required.
Instructor available.

SUITABLE FOR

Teenagers

Adults

KIT INCLUDES

Board with shoes, Hose, U-pipe,
Jetski adapter to match the model o/b,
Manual

OPTIONAL

Jetski
Quick nozzle
Instructor

WHAT DO I NEED TO KNOW?

The Seabob is a high-performance electric-driven underwater sled that allows the driver to ride on the surface or under water, at speed of up to 22 km/h.

The Seabob is maintenance free, comes fully charged and ready to use.

Running time: mixed use up to 2 h
Charging time: 9 h or 1.5 h with quick charger

For safety reasons maximum depth is limited to 2,5 m. Upon request the maximum depth can be reset to 40 m for professional divers. Use of goggles is essential.

Best fun when using Seabobs in tandem.

**YACHT POOL**

4m x 4m

**OCEAN POOL**

6m x 5m

WHAT DO I NEED TO KNOW?

Your own personal inflatable swimming pool with lounging platform, that keeps you safe from jelly fish and any other sea creatures. It is also great to avoid being carried away by strong currents. It is specially popular with owners with young children.

Deployment:

Tied to the yacht or anchored

The net is held down by the weights. The Pool can be tied to the yacht or anchored separately. With provided 220 V pump, the pool can be inflated/deflated in a matter of minutes.

Compatible with all aquapark items.

SUITABLE FOR

Kids

Teenagers

Adults

**PACKAGE

SUPERYACHT SUBMARINE

Down to 300 m

INDIVIDUAL ARRANGEMENTS

Submarines on Superyachts are becoming more and more popular! Part of the reason for this is due to great technical innovations that have lowered the weight of most Superyacht submarines to below 2 tonnes thus making them possible to easily handle with onboard cranes.

The other reason is due to the resurgence we have seen in the "explorer spirit" of yacht owners and charterers.

Submarine charter is different to anything that most people will ever have the good fortune to experience. It gives access to an underexplored frontier, a new wonderful underwater world!

Please contact us for bespoke arrangements. Availability and geographical locations might vary.

Water Toys Solution

For new builds and refits

Purchases at Aqua Flight are guaranteed to include the latest models. We represent all major Water Toy brands.

After yachts come for refits, we will be the ones ready for pick-up, service, and storing of the Water Toys

Water Toys Solution Center

Our Authorized toy repair center is perfect for all toys. Between daily use, charters, and storage, Water toys go through a lot of wear and tear, constant exposure to the unforgiving elements of the sun, salt, and people. Aqua Flight offers full rebuilds, preventative maintenance, and seaside support services to all water toy owners, and Charter operators, to ensure that all of your toys are always in great condition.

You can even get a certified technician to carry out repairs on board.

Storage Facilities

Save space in your boat and storage. Store your purchases at our centers until ready for delivery. This ensures the water toys are delivered to you in perfect condition. We make sure the products are properly packed and prepared for delivery, and all batteries fully charged. We offer a secure off-site storage for Li-ion batteries and other DGR Items. You can opt for Weekly or Monthly Storage periods.
